feet / meters
10'6" / 3.2 m

Code: PI32RA

square / 8 ribs

feet / meters
9'10" / 3.0 m

Code: PI30SA

This ingenious side post parasol range is exceptionally versatile and remarkably hard-wearing. The Piccolo boasts a 360° rotation and also a unique side-to-side tilting feature that is intelligently designed to allow the canopy to track the sun and cast the perfect shade throughout the day. The canopy fabric is attached using a quick-release system, making it a breeze to remove for seasonal changes or care and maintenance. Versatility, durability and aesthetic design all align to make the Piccolo a genuine patron of shade.

360° rotation can be achieved on the Piccolo spigot which is kept in place with index notches. The spigot pole can be mounted to various base systems and may also be fixed directly into position with the Free Standing, Deck Mount or Underground Mount options.

Picollo

versatile and durable side post parasol with aesthetic design features

Wind Rating: Light Wind

Application: Patios, restaurants, hotels, poolside loungers... or any area that requires a shade solution without obstruction from a center umbrella pole.
